**MUSEUM OPENS 6:00 PM - PROGRAM AT 7:00 PM**

Mark your calendars for a special program with Fritz Buckallew, biographer of the famous baseball player Carl Hubbell.

The program will look at a number of Oklahoma's major league players and focus on Carl Hubbell and his World Series record. Hubbell made World Series appearances in 1933, 1936, and 1937 and won MVP in 1936 and 1937 and was on the All-Star Team nine times. He was inducted into the Baseball Hall of Fame in 1947. In the 1934 All-Star Game he scored five consecutive strikeouts with his famous screwball against the brightest figures in baseball's Hall of Fame: Lou Gehrig, Joe Cronin, Al Simmons, Jimmie Foxx, and Babe Ruth.

Biographer Fritz Buckallew will be available to sign copies of his book, *A Pitcher's Moment: Carl Hubbell And the Quest for Baseball Immortality*.
